

Project Design Phase-I - Solution Fit

Project Title : Retail Store Stock Inventory Analytics

<div>Define CS, fit into RC</div> <div>1. CUSTOMER SEGMENT(S) (S) Who is your customer? i.e. working parents of 0-5 yo. kids</div> <div>CS</div> <div>Retail Store Owner</div>	<div>6. CUSTOMER CONSTRAINTS (CS) What constraints prevent your customers from taking action or limit their choices of solutions? i.e. spending power, budget, no cash, network connection, available devices.</div> <div>CS</div> <div><ul style="list-style-type: none">Implementation ProblemPoor Maintenance of databaseLack of enough Capital amount</div>	<div>5. AVAILABLE SOLUTIONS Which solutions are available to the customers when they face the problem? or need to get the job done? What have they tried in the past? What are the pros & cons do these solutions have? i.e. pen and paper is an alternative to digital notetaking</div> <div>CS</div> <div><ul style="list-style-type: none">An inventory Management system tracking stocks on a daily basis there by predicting demandsBut Integration with accounting is very difficult</div> <div>Evaluate CS, differentiate</div>
<div>Focus on J&P, fit into RC, understand RC</div> <div>2. JOBS TO BE DONE / PROBLEMS Which jobs to be done (or problems) do you address for your customers? There could be more than one; explore different solutions</div> <div>J&P</div> <div><ul style="list-style-type: none">Excess Inventory leading to business and operational problemsCost associated with excess inventoryStocking up unwanted inventories</div>	<div>3. PROBLEM ROOT CAUSE What is the real reason that this problem exists? What is the backstory behind the need to do this job? i.e. customers have to do it because of the change in regulations.</div> <div>RC</div> <div><ul style="list-style-type: none">Improper Knowledge of stock managementSudden change in demandsInsufficient storage capacity</div>	<div>7. BEHAVIOUR What does your customer do to address the problem and get the job done? i.e. directly related: find the right solar panel installer, calculate usage and benefits; indirectly associated: customers spend free time on volunteering work (i.e. Greenpeace)</div> <div>BE</div> <div><ul style="list-style-type: none">Identify customer demands and their buying patternsUnderstanding customer demands the stocks can be managed accordingly</div> <div>Focus on J&P, fit into RC, understand RC</div>

Identify strong TR & EM	<p>I3. TRIGGERS</p> <p>What triggers customers to act? ie. seeing their neighbour installing solar panels, reading about a more efficient solution in the news</p> <p>Sudden loss due to changing customer demands</p>	<p>.. YOUR SOLUTION</p> <p>If you are working on an existing business, write down your current solution first, fill in the canvas, and check how much it fits reality.</p> <p>If you are working on a new business proposition, then keep it blank until you fill in the canvas and come up with a solution that fits within customer limitations, solves a problem and matches customer behaviour.</p> <ul style="list-style-type: none"> • Centralized record of all products • Identif Stock location • Do regular and accurate stock counts • Combine Sales data with inventory data to simplify reporting • Purchasing process description • Establish process for markdown and promotions • Create Stock Receiving procedures • Provide description of return procedure • Determine Dead stock procedure • Provide Profitable inventory value 	<p>8. CHANNELS of BEHAVIOUR</p> <p>8.1 ONLINE</p> <p>What kind of actions do customers take online? Extract online channels fro7 #7</p> <p>..2 OFFLINE</p> <p>What kind of actions do customers take offline? Extract offline channels from 7 and use them for customer development.</p> <p>Online : Advertisements Free Shipping Offline : Arranging most demanded products in front section</p>	Identify strong TR & EM
	<p>4. n . EMOTIONS: BEFORE/AFTER</p> <p>How do customers feel when they face a problem or a job and afterwards? i.e. lost, insecure > confident, in control use t n your communication strategy & design.</p> <p>Before : Frustrated After : Satisfaction</p>
